# TWO MORE DAYS OF RECISTRATION

Many Names to Enroll on Tuesday and Wednesday Next.

BOTH PARTIES WORKING.

Fifteen Thousand Are Now on the Roll Books-Estimated That There Are Four Thousand More.

There are two days more of registration-Tuesday and Wednesday next, for tardy citizens to qualify as electors. The men and women who do not atan opinion at the polls at the forthcoming election.

Fifteen thousand names have been put upon the registration books as the result of three days' work, and it is estimated that four thousand more should find places therein in the remaining two days. Each of the two big political parties has had its canvassers at work tracing out these delinquents, and each will vie with the other in getting out the largest number. Which will have accomplished the best work in this particular will only be definitely known when the election is over.

Special Commissioner Rockhill Sends Message.

THAT OPEN DOOR IN CHINA.

Answer of United States to Communication of Germany and England to be Sent Monday.

Washington, Oct. 27.-From an independent source Secretary Hay has recelved confirmatory evidence of the reported suicide of Yu Hslang, the fanatical governor of the province of Shan Si, whose punishment was demanded by the powers for the massacre of a large number of missionaries. This message came from Special Commissioner Rock. hill as follows:

Shanghai, Oct. 22.-I have reliable information to the effect that Tu Hslang committed suicide 22nd.

(Signed.) It is regarded as probable by the state department officials that Mr. Rockhill was unacquainted with the fact that the Chinese government had communicated information to this ef-fect, so that coming from another point than Pekin, whence the Chinese report emanated Mr. Rockhill's sdvice is regarded as strongly corroborative.

A dispatch has been received from Mr. onger disproving the stories of the re-tionary tendencies of the imperia government. The state department had received reports from various sources in China, and notably from Canton through its agent there, to the effect that the imperial government had or-dered the removal from office of the viceroys from the great Yang Tse prov-inces of Nanking and Hankow, because

of their pro-foreign sentiments.

Secretary Hay cabled Mr. Conger to investigate the report, and if it were found to be true to make a forcible protest to the imperial government through the Chinese commissioners at Pekin, L Hung Chang and Prince Ching, against the proposed action, Today Mr. Con-ger reported that after careful Investi-gation the story of the change in ad-ministration had been found to be withut foundation,

The answer to the communications from Germany and Great Britain, embodying the last agreement relative to the open door and the territorial in-tegrity of China probably, will go for-ward Monday. ### EAGER BEATS ROYAL FLUSH

Match Was the Outcome of Rivalry Between English and American Horsemen.

English Horse Was Given 28 Pounds He Won Eably, Almost in a Canter - Au Interesting Race.

London, Oct. 27 .- The match race between Mr. L. Neumann's English horse Eager, ridden by Mornington Cannon, and John A. Drake's American horse, Royal Flush, with L. Reiff up, which was run today over the Hurst Turf club course, was won by Eager, Eager won in a canter by three lengths. The betting was 7 to 4 on Eager.

The race was the outcome of the keen rivalry existing between English and American horsemen during the last season and was looked upon as the most interesting turf event of the year in England. The aim of the parties proposing the race was to have a crack inglish horse owned by an Englishma ridden by an English jockey and born and bred in England, complete with an American horse owned by an American, ridden by an American jockey and trained by Americans in order, it was said, to demonstrate the superiority of one style over the other. Joseph Leiter and Mr. Drake were among the Americans present.
The weather was miserable. Royal Flush and Eager proceeded to the post in a pelting rain and were loudly plauded. Both horses appeared to be in the pink of condition. The wet track was in favor of Eager, but this was supposed to be counterbalanced by the wind being favorable to the American style of riding. However the wet turf and twenty-eight pounds weight in favor of Eager proved too great a inadicap and Royal Flush was defeated by the best sprinter in England.

DAVID H. CANNON, THE REPROACH OF RUSSIA.

Mr. George Kennan, in his Siberian

sketches, says Dr. Nathan M. Babad in

Frank Leslie's Popular Monthly for Oc-

ober, draws a powerful picture of these

horrors from an American point of view. And yet how much of the more intimate character of that life escaped his keen bservation. There is nothing in the whole history of Siberia more revolting, to my mind, more horrible than the death of Sigida and her fellow prisoners. She was a beautiful woman, swept away by a current of nihllism, and in due time gathered in together with others by the net of the Third sec tion. Their treatment in the female prison at the hands of the Siberian offiials was brutal in the extreme. Unable to get the ear of the higher authorities, the unfortunate women decided upon a novel yet excruciating method of making their protest heard. They chose starvation as a weapon. For twenty ne days Sigida touched no food. This brought no results. Emaciated, on the point of insanity, Sigida, to draw at-tention of the government in some radical way, publicly slapped the face of Masikoff, the prison warden. Her fate, after this, defied description. She was first kept alive by the forcible introduc-tion of food. With the last strength in her, the poor woman struggled against t. But even she could not dream of what was in store for her. Two weeks later an ukase was issued subjecting the punishment inflicted upon comon murderers. Women were flogged as well as men, and Sigida was was doomed to receive a hundred blows by the knout! The physician in charge declared his doubt as to her survival.

### TO REMOVE SPLINTERS.

A splinter is a very little thing, but capable of creating a great deal of mischief, discomfort, and pain. Every herself with a pair of sharp-pointed forceps for this emergency. When the splinter is imbedded in the flesh and or foot, the point of a small pair of scissors—a manicure pair will very well answer-should be inserted direct. over and following the path of splinter, and a small incision made. I there be any bleeding stanch it by a little pressure, then open the wound by stretching it a little, and with your forceps pick out the offending object. When the splinter is under the nail, cut a little V-shaped piece out of the nail and with the forceps the splinter is easily removed. Protect the cut made with a little collodion or a finger-
